Sineha Manjary

Aspiring Data Scientist | Bachelors in Mathematics | Student of Masters in Data science
Coimbatore, Tamil Nadu, India

Summary

As a BSc Mathematics graduate currently pursuing an MSc in Data Science at Christ College, Bangalore, I am passionate about using my strong mathematical foundation and technical skills to solve complex problems and contribute to innovative solutions. My strengths lie in listening, decision-making, problem-solving, and full-stack development, which enable me to approach challenges with a structured and solution-oriented mindset.

During my academic journey, I have developed proficiency in HTML and Data Visualization to analyze data and extract meaningful insights. My expertise in mathematical concepts and statistical analysis has further fueled my interest in data analytics and machine learning. Additionally, my skills in full-stack development have allowed me to build dynamic and user-friendly applications.

I thrive in collaborative environments and am always eager to learn and adapt to new advancements in technology. My ability to listen and communicate effectively makes me an asset to any team, while my decision-making and problem-solving abilities ensure I deliver results efficiently.

I am particularly interested in opportunities that involve data analysis, machine learning, or related Data Science and I am open to internships or entry-level positions where I can apply my skills while continuing to grow and expand my expertise. Together, let's harness the power of data and technology to create impactful solutions.

Experience

Greentech Megawatt Pvt. Ltd.

Internship

June 2023 - June 2023 (1 month)

Coimbatore, Tamil Nadu, India

During my internship at Greentech Megawatt Pvt Ltd, I gained valuable exposure in the Management Information System (MIS) department and developed key skills in data acquisition, analysis, and SCADA systems. I contributed to tasks such as creating graphical representations for data, analyzing performance metrics using reference lines, and generating performance reports.

This hands-on experience enhanced my proficiency in tools like Excel and Word, while also introducing me to the basics of data science. I developed a deeper understanding of SCADA systems, including their role in data communication, control processes, and human-machine interfaces. Additionally, the internship honed my time management, teamwork, and problem-solving abilities, providing me with practical insights into a professional work environment.

This experience has been instrumental in shaping my skills and interest in data analysis and its applications, preparing me to contribute effectively in future roles.

Education

Christ University, Bangalore

M.Sc. Data Science · (April 2024 - May 2026)

PSGR Krishnammal College for Women

Bachelor of Science - BS, Mathematics · (April 2021 - April 2024)

Vijaya Vidhyalaya Matric Hr Sec School

International Indian School Al-Jubail
